PROFILE

Passionate about data exploitation, SQL query optimization and development. Graduated with a BTS SIO (IT Services for Organizations) opt. SLAM, I have strengthened my technical rigor, autonomy, and mastery of Linux/Docker environments during my internships at the Departmental Council of Gers. Mobile in the Toulouse area and I am looking for a first opportunity to put my technical skills into practice.

ACADEMIC PROJECTS

Web Application "Training Courses Management"

Development of a dynamic web application for managing a training courses catalog for the CROSL.

Technologies : PHP, HTML/CSS, SQL

Mobile Application "Mobile Training Courses"

Design of an Android application allowing the consultation of training courses.

Technologies : Kotlin, Android Studio

PROFESSIONAL EXPERIENCES
